I was guessing the month, I didn't actually have my tech pull the last date of call which I did for you today. I started paramount in November and started selling adt with Saveoligy in December of 11, so in search for leads somewhere between January and the last date of the date I sent to you which was where I came across the problem. I can pull exact dates but again I will have to check with My IT department for exacts.

I will have My IT department run you that report today!

Ryan

Last week you told Reid that you stopped doing business with EMI in March and now you say it is May – did you just forget the months?

Also is there any way you can tell me how many leads you purchased from EMI?

Thanks!

Robin this is EMI Insertion order as you can see it is very vague! My last lead received from them was on 5/6/2011 18:07 as per my system. This company assured me all there information was opt-in and compliant at all times. At first notification that something was wrong with their marketing tactics I investigated and terminated the relationship.

As stated many times I work very hard on a day to day basis to sell this product with the utmost compliance. I have a copy of the marketing guidelines on my desktop which I review frequently. If there is any additional information you will need from Paramount Media Group I will be happy to assist as we want to clear our name of this one time issue.

Best Regards,  
Ryan Neill
